Summer 1 Newsletter

20 April 2026

Dear Parents and Carers,

What a wonderful time we are having in school now. There is a real sense of energy and excitement as we move through the summer term, and I am delighted to share some of the highlights from recent weeks.

Our KS1 choir recently had the privilege of performing at Places for People. The residents loved every minute of the performance, and our young singers were brilliant. These moments remind us of the importance of sharing our talents with our wider community and the joy that music brings to everyone who hears it. We are becoming a truly musical school! Our children have the opportunity to sing daily, Year 3 children continue to learn how to play the recorder, Year 4 children have started their Ukelele lessons and Year 5 continue to develop their violin playing skills.

We have also been celebrating creativity across the school. Our Art Week culminated in an Art Exhibition, and it was wonderful to see so many parents attending to admire the outstanding work on display. The children's artistic achievements were truly impressive, showcasing their imagination, skill, and hard work.

This week, we are excited to welcome you to our Book Fair, which runs from Wednesday 29 April until Tuesday 5th May. This is always such a popular event, and it provides a fantastic opportunity for children to discover new stories and develop their love of reading. I do hope you will be able to visit and buy a book at a discounted price. The more you spend the more school 'earns' to restock our library - every purchase helps!

Looking ahead, there are several things I would like to celebrate and share with you. Year 5 Toucans have started their swimming lessons this week, and we are thrilled to see them developing their water confidence and swimming skills. Additionally, our ECO Club continues to do wonderful work, meeting every Monday to care for our school grounds. The children show

real dedication to looking after our environment. Next week, we will be marking a very special occasion: David Attenborough's 100th birthday on 8th May. To celebrate, we will be dedicating two days to ECO studies, inspired by his remarkable life's work and passion for the natural world.

I would also like to take this opportunity to remind parents of some important notices.

Please do check our website for a reminder about PE kits. From Monday 11th May, we will have spare kits available for children to change into, ensuring that no child misses these vital lessons. Additionally, we ask that children wear plain studs only for earrings, as loops are not permitted for safety reasons.

Finally, I would like to remind everyone that we are a mobile phone free school. Children are not permitted to bring mobile phones to school without consent from myself as Headteacher. This policy supports our commitment to creating a focused learning environment where children can thrive.

Please see our school website for up-to-date information about school.
